

REMARKS

Claims 1-9, 11-12 and 14-17 are pending in this application. By this Amendment, claims 1 and 8 are amended for clarification purposes only. Reconsideration in view of the above-amendment and following remarks is respectfully requested.

The courtesies shown to Applicant's representative by Examiner Parker during the October 5 personal interview are gratefully appreciated. Applicant's separate record of the substance of the interview is incorporated into the following remarks.

Specifically, claims 1 and 8 are amended based on the recommendations of Examiner Parker during the personal interview to more clearly recite that the control elements are formed in respective second substantially rectangular regions defined by a crossing matrix of lines parallel to the drive lines.

In view of the foregoing amendments, it is respectfully submitted that this application is in condition for allowance. Favorable reconsideration and prompt allowance of claims 1-9, 11-12 and 14-17 are earnestly solicited.

Should the Examiner believe that anything further would be desirable in order to place this application in even better condition for allowance, the Examiner is invited to contact the undersigned at the telephone number set forth below.

Respectfully submitted,
